Growing Home's community garden, El Jardín de Fé y Esperanza (the Garden of Faith and Hope), is a bilingual community space in partnership with the City of Westminster. Each year, community members come together to decide what varieties to grow, and annually we harvest about 2-3,000 lbs of fresh, organic fruits, vegetables and herbs. Produce goes to our volunteers and to Growing Home's Food Pantry for distribution throughout the community.

Join us in making this year a success!
